9.1 Earth Day (2 tiết)

9.1.1 Reading: Earth Day

What is Earth Day?

Before you read:

Read the following information about Earth Day

Earth Day is an annual event on April 22 to demonstrate support for environmental protection. First held on April 22, 1970, it now includes a wide range of events coordinated globally by EarthDay.org (formerly Earth Day Network) including 1 billion people in more than 193 countries. The official theme for 2022 is Invest In Our Planet.

While you read: Read the text and answer the questions.

1. What do people do on Earth Day?

It's the day people around the world help the Earth.

2. When and where was the first Earth Day?

The very first Earth Day was celebrated in the United States on April 22, 1970.

3. Why did people go to it?

We can do something to encourage environmental protection and recycling.

9.1.2 Giving a Presentation

A presentation is a means of communication that can be adapted to various speaking situations, such as talking to a group, addressing a meeting or briefing a team.

A presentation can also be used as a broad term that encompasses other 'speaking engagements' such as making a speech at a wedding or getting a point across in a video conference.

To be effective, step-by-step preparation and the method and means of presenting the information should be carefully considered.

A presentation requires you to get a message across to the listeners and will often contain a 'persuasive' element. It may, for example, be a talk about the positive work of your organization, what you could offer an employer, or why you should receive additional funding for a project.

Translation:

Bài thuyết trình là một phương tiện giao tiếp có thể được điều chỉnh cho phù hợp với các tình huống nói khác nhau, chẳng hạn như nói chuyện với một nhóm, phát biểu một cuộc họp hoặc thông báo tóm tắt cho một nhóm.

Bài thuyết trình cũng có thể được sử dụng như một thuật ngữ rộng bao gồm các 'hoạt động diễn thuyết' khác, chẳng hạn như phát biểu trong đám cưới hoặc nêu ý kiến trong một hội nghị truyền hình.

Để có hiệu quả, cần cân nhắc kỹ lưỡng việc chuẩn bị từng bước và phương pháp và phương tiện trình bày thông tin.

Một bài thuyết trình đòi hỏi bạn phải truyền tải được thông điệp đến người nghe và thường sẽ chứa yếu tố 'thuyết phục'. Ví dụ, nó có thể là một cuộc nói chuyện về công việc tích cực của tổ chức của bạn, những gì bạn có thể cung cấp cho nhà tuyển dụng hoặc tại sao bạn nên nhận thêm tài trợ cho một dự án.

Starting a presentation effectively can set the tone and engage your audience right from the beginning. Here are some phrases and tips for different parts of your presentation opening:

Ask students to practice giving a short presentation based on these clues. The highlighted words can be replaced to align with the topic.

Good morning, and thank you for coming.

My name's **Davi**, and I'm from **Brazil**.

Today, I'd like to talk about **an important day**.

First of all, **Earth day began on April 22nd in 1970**.

Nowadays, **more than 175 countries have an Earth Day**.

Earth Day: A Celebration of Our Planet

Earth Day is celebrated annually on April 22nd. It started in 1970 as a way to raise awareness about environmental issues and encourage people to protect our planet. On this day, millions of people around the world take part in activities to help the Earth. These activities include planting trees, cleaning up litter, and learning about recycling.

One of the key messages of Earth Day is the importance of taking care of our environment. Simple actions like reducing waste, reusing items, and recycling can make a big difference. Schools often hold special programs to educate students about environmental conservation and the importance of protecting nature.

Another important aspect of Earth Day is promoting renewable energy sources, such as solar and wind power. These energy sources are cleaner and more sustainable than fossil fuels, which can harm the environment. By using renewable energy, we can reduce pollution and help fight climate change.

Earth Day reminds us that every small action counts. Whether it's picking up trash, using less plastic, or supporting renewable energy, everyone can contribute to a healthier planet. Together, we can make a positive impact and ensure that future generations can enjoy a clean and beautiful Earth.
