Fantasy – Phim giả tưởng: A film with fantastic themes, usually magic, supernatural events, mythology, folklore, or exotic fantasy worlds. (for example: Lord of the ring, Spider man...)

Horror film – Phim kinh dị: A film in which very frightening or unnatural things happen, for example dead people coming to life. (for example: Phantasm, Dog Soldiers,...)

Romantic comedy – Phim hài tình cảm: A funny film about a love story that ends happily. (for example: The girl next door, How to lose a guy in 10 days...)

Thriller – Phim hành động gay cấn: A film that has an exciting story, often about solving a crime. (for example: The other side, Cape Fear,...)

- Distinguish “see or watch”
 - I went to see a film at the cinema: we use “see” to talk about the event
 - I like watching films with friends: we use “watch” to talk about the activity in details (watch a film/DVD/football match...)

1.1.2 Reading: The Tallgrass Film festival

Read the article and find types of films you can watch at the Tallgrass Film Festival.

First, give some information about the Tallgrass Film Festival:

This international film festival is held annually in Wichita, Kansas, the USA. It's the biggest film festival in Kansas, bringing together writers, directors, filmmakers and actors and showcasing the best local, regional, national and international independent films.

Tallgrass Film Festival has been rated a “Top 10 Film Festival” by Livability.com and “The Best Under the Radar Film Festival” by Flavorwire. The festival has also been named one of the “Top 50 Film Festivals Worth the Entry Fee” for seven years, including 2021.

Students read quickly to find the types of films in the article. These ones are:

- Science fiction, documentaries and fantasy.
- Comedy thriller (in film MOTHER)
- Drama (in BROTHER)
- Animation (in APRIL AND THE EXTRAORDINARY WORLD)

Read the article again. Are these statements true (T) or false (F)?

Before you read, read the following tips and try to apply them to the task.

- Read the given article again and try to understand the main idea of the article.
- Read the sentences of the question set carefully to understand the meaning. Identify the keywords that will help you to locate the relevant information.
- Go to the article and try to find the correct location with the help of keywords. Remember, in most cases, you will not get the exact keyword. So, look for different words with similar meanings. If you can't find any information relevant to the statement, then the information is not in the text.
- Remember, to increase the difficulty level, the question statements will be paraphrased, i.e. the sentences will be written differently.
- The question statements follow the order of the article. So the answer to the second question of the set will come after the answer to the first question and so.

While you read.

1 The Tallgrass Film Festival is once a year: T

This statement is true because ‘once a year’ is similar to ‘Every year’

2. You can see films from around the world there ☐ T

This statement is true because ‘Films are from 33 countries’

3. It shows one type of film: F

This statement is false because ‘you can see many different films’

4 This year you can see a film from Estonia: T

This statement is true because “A man is shot in a small Estonian town”

5 Brother is about two football teams in Venezuela: F

This statement is false because Brother is about ‘two brothers’, not ‘two teams’

6 April and the Extraordinary World is only for children, not adults: F

This statement is false because this animation is ‘for the whole family’

1.3. Speaking: Planning to see films (1 tiết)

Teacher tells students that they are going to practice “Be going to” by talking about a plan. Divide students into small groups (3 or 4 members). Give each group a different scenario (e.g., planning a birthday party, a class trip, going to see a new film at a cinema). Ask each group to discuss creating a rough draft of a plan using "Be going to".

Example: See a new film at Beta cinema

In groups, students plan what film to see/ what type of film they want to see/ which day to see/ What time to see/ who they want to go with/ which places to meet/ what to do after the movie.

Example:

We are going to meet at the coffee shop at 5 PM.

We are going to watch the 6 PM show of the new film at Beta Cinema.

We are going to see an action film.

After the movie, we are going to have dinner at the nearby restaurant.

Give students a sample writing so that they can imitate to write a similar passage about their plans.

Speaking Sample:

We are going to see the new action film "Avengers: Endgame" at Beta Cinema. We love action movies because they are exciting and full of adventure. We are going to watch the movie this Saturday. The showtime is at 7 PM, so we are going to meet at the coffee shop near the cinema at 6 PM to have a chat and some drinks before the movie. I'm going with my friends Anna, John, and Mike. After the movie, we are going to have dinner at the Italian restaurant next to the cinema to discuss our favorite scenes and enjoy some delicious pasta.
